UNITED STATES PATENT OFFICE

138,079

DESIGN FOR AN AIRCRAFT CONTROL WHEEL

John K. Drew, Attica, N. Y., assignor to Scott
Aviation Corporation, Lancaster, N. Y., a cor-
poration of New York

Application April 12, 1944, Serial No. 113,231

Term of patent 14 years

(Cl. D71—1)

To all whom it may concern:

Be it known that I, John K. Drew, a citizen of the United States, residing at Attica, in the county of Wyoming and State of New York, have invented a new, original, and ornamental Design for an Aircraft Control Wheel, of which the following is a specification, reference being had to the accompanying drawings, forming part thereof.

In the drawings:

Fig. 1 is a top plan view of an aircraft control wheel embodying my new design.

Fig. 2 is a rear elevational view of the same.

Fig. 3 is a side elevational view thereof.

Fig. 4 is a bottom plan view of this wheel.

Figs. 5, 6 and 7 are vertical sections of this wheel taken on the correspondingly numbered lines in Fig. 1.

I claim:

The ornamental design for an aircraft control wheel, as shown.

JOHN K. DREW.
